Pleasant Police

Street P. O. Md.
Oct. 20, 1952
The Gettysburg Times,
Gettysburg, Pa.
Dear Sir:

I do so want to congratulate the Police of your grand little city for all their wonderful efforts in the manner they handled the huge crowd on Saturday. Not just that but not one of them appeared to get angry and was most pleasant the entire day. They all appeared such gentlemen and that is the way it should be. Congratulations to the "Chief of Police."

Another thing which was a big thing for a little "dot" like me was your "Press," which was very kind to me.

As I awaited at the station for "Honest Abe"—it all began right there.

A strange lady whom I learned after—the wife of a lawyer in York, Mrs. Horace Ports, took my arm and invited me to the cemetery with her so I could make a nice story for the paper which I represent, "The Carroll Record" of Taneytown, Md. (My car was parked blocks away and I thought I would have to walk the rest of the way.)

It was just the most wonderful day I ever spent in your quaint little town!

Very truly yours,
"Your Observer" of the column of "This N That."

CHEST DRIVE "OFF TO GOOD START": SMITH

Scores of Community Chest soliders went to work Thursday and Thursday evening but only a few took time to make initial reports to headquarters. The first \$500 in donations was reported Thursday evening but more results of the first day's work are expected this evening when canvassers make their returns after 7 p.m.

Campaign Chairman Clark Smith said he had not expected many reports the first evening because that was when the soliders were urged to cover as much as possible of their territory. "We know that a great many of our workers were on the job yesterday and we feel the campaign got off to a good start. Of course, we have to do better than last year because our goal is higher. That means more donations and increased sums where that is possible from persons who gave in other years."

Lauds Benefit Project
Mr. Smith cited plans of a Y-Teen group at the YWCA as "typical of the kind of spirit that is going to put this drive across." The girls, under the chairmanship of Mrs. John D. Teeter, are going to conduct a food sale in front of the "Y" building Saturday morning with all receipts going to the Community Chest.

Y-Teens together with Girl Scouts earlier this week helped fold 2,700 letters that were distributed by Boy Scouts to doorsteps throughout the town telling local residents details of the Community Chest drive. Other member organizations in the Chest also helped with the preparing of the letters.

Solicitors have been asked to make reports to headquarters at Philip R. Bickle's office on Baltimore St. after 7 p.m. each day of the drive through next Thursday.

Subcommittees helping Mr. Smith with the direction of the campaign include: Rural area, Kenneth D. Bream; out of town business, Dr. Harold Dunkelberger; service clubs, Charles Lauver; Gettysburg College, Dean W. E. Tilberg; seminary, Dr. Jacob Heikkinen; medical, Walter R. Doud; legal, Attorney S. M. Raffensperger; and special gifts, Harry D. Ridinger.

Fifteen Brownie girls organized with Mrs. Donald Baer and Mrs. Frederick Griest Jr. as leaders and made plans for meetings to be held Wednesday afternoons after school in the Community Building. They will be known as Brownie Troop 27. An investiture service will be held after their fourth meeting.

Mrs. Hardy Nicholas, council secretary, outlined the intermediate scout program to 15 girls of this age who will be invested after their fourth meeting. Their leaders will be Mrs. Roland Lauver and Mrs. Harold Sanders. They will meet Monday evenings in the Community Hall at 7 p.m. and will be known as Intermediate Troop 40.

To Make Favors
As a part of their community service program these girls will make tray favors for the Warner Hospital for Thanksgiving, and will sell Girl Scout calendars.

Intermediate Troop 6 was organized recently, and meets at the home of Mrs. Richard Wayburn, Aspers R. 1. Its investiture will be held November 7.

There will be a meeting of the Girl Scout Council in the Girl Scout office in Gettysburg Tuesday evening at 7:30 o'clock.

Miss Doud Tells Role Of YWCA In This Community
"Our task in the YWCA is to provide the kind of atmosphere that might be described as 'ideal growing weather' for women and girls," Miss Ruth Doud, executive secretary at the "Y," said today in a statement in behalf of the Community Chest drive.

"First, it must be an atmosphere in which all people feel free to be themselves. Our YWCA here in Gettysburg provides such an atmosphere. All sorts of people are there — widely varied in age, occupation, point of origin and economic circumstance. A teen-ager feels quite as free to speak as any member of the association."

"Our 'ideal growing weather' includes secondly the opportunity to ask questions about all manner of things with some possibility of getting help on finding the answers. If we are to help young people find answers, we must have skillful, well-trained staff and volunteers; we must know what we think about the issues of our day."

718 Meetings In Year
"Now I should like to define the kind of opportunity we must provide: First, the opportunity for girls and women to do whatever delights their souls. That means we must provide a tremendously varied program. We must provide, secondly, we must provide an opportunity for people to turn into, to become something they never thought possible. This means helping people to live beyond themselves, to do more than they can do; to accomplish things that seemed impossible; to make decisions that are better than they are."

"This takes faith. And it takes faith in you, our townfolk, for without your help very little of this (Continued on Page 2)

19th Kidnap Victim Locked In Trunk Of Car; Take 20th
SPARTA, Tenn. (AP) — A trio of wild highway kidnapers left their 19th victim locked in the trunk of a stolen car in a remote gulch of the Cumberland Plateau last night and took a 20th with them in a stolen truck.

The patrol said Lee Johnson was rescued after spending about five hours in the trunk of the car, which was itself hidden under hay in an abandoned barn at the site of an ancient grain mill.

Two foxhunters passing near the barn late last night heard Johnson's efforts to free himself. Johnson and his unidentified rescuers then walked most of the night until

he reached a garage at Spencer, 20 miles south of here and called the patrol.

Johnson, a resident of White County, Tenn., said he and Herschel Meyers, a neighbor, were returning to their truck after hunting squirrels when they were waylaid by the bandits.

The kidnappers then pushed the car into the barn, put Johnson in the trunk and told him they probably would release Meyers today.

The trio of bandits already had kidnaped at least 18 persons in two days along highways from Florida to Tennessee, but no further victims had been reported kidnaped since Wednesday.

J. C. FEAGLEY OF LANCASTER NEW STATE C. C. HEAD

PITTSBURGH (AP) — Joseph C. Feagley, vice president of Armstrong Cork Co., Lancaster, is the new president of the Pennsylvania Chamber of Commerce.

Feagley was chosen yesterday at the state organization's 35th annual meeting. He succeeds W. W. Sieg, president of Titan Metal Manufacturing Co. at Bellefonte. Sieg held the post for two years.

Other officers, all re-elected, are:

Ritchie Lawrie Jr. of Lawrie and Green, Harrisburg, treasurer, and these vice presidents:

Vice Presidents
Walter D. Fuller, chairman of Curtis Publishing Co., Philadelphia; H. W. Prentiss Jr., chairman of Armstrong Cork Co., Lancaster; Scott C. Rea, president of Rea and Derick, Inc., Northumberland, and W. F. Rockwell Jr., president of Rockwell Manufacturing Co., Pittsburgh.

Leonard P. Fox of Harrisburg will continue as executive director, a position he has held since 1946.

Eight new board members were named and 25 others were re-elected.

New Directors

The new directors are: William L. Day, Philadelphia; Penrose Hertzler, Pottsville; Thomas L. Pendergast, Philadelphia; R. G. Rincelife, Philadelphia; Walter F. Schulten, Pittsburgh; John D. Bainer, Meadville; George W. Brisbin, Altoona; and M. A. Wilhelm, York.

The group's board of directors recommended that Pennsylvania voters reject a proposed Constitutional amendment at the Nov. 4 election.

Oppose Amendment

Board members explained their stand this way:

They said the original intention of the Legislature in 1949 was to wipe out the entire obligations of the General State Authority and the State Highway and Bridge Authority.

However, the argument runs, the State Legislature in 1951 increased the borrowing power of the two authorities by 100 million dollars.

Moreover, board members claim, present trends toward higher interest rates "have cast doubt" on the net amount of saving which could be realized by substituting "full faith and credit" bonds for authority bonds.

Yanks Stopped

Twenty miles to the west, South Koreans and Chinese hugged opposite slopes of Iron Horse Mountain while thunderous artillery barrages from both sides churned the crest into a deadly no-man's-land.

Then the Chinese swarmed over the top and pushed the ROKs further down the southern slope.

Fighting broke out at other scattered points across two-thirds of the 155-mile battleline.

In a pre-dawn battle on the Western Front, Allied infantrymen knocked Chinese Communists off an outpost near Little Gibraltar. The U. N. soldiers withdrew from the position yesterday and Reds swarmed to the top. At 3 a.m. the Allies swept back up the slope and captured the crest in a 45-minute action.

American and Ethiopian troops of the U. S. Seventh Division chopped to bits a force of 500 Reds who attacked Triangle Hill last night and this morning. Front line reports said they killed 140 Reds and wounded 320. Triangle is just west of Sniper Ridge.

The Eastern Front, where North Koreans do all the fighting for the Reds, was relatively quiet. Only a few minor patrol actions were reported.

Ten B29 Superforts rode through 140-mile-an-hour winds last night and dropped 100 tons of bombs on a cement plant in northeast Korea. Pilots reported the plant destroyed.

Fry, head of State College extension, told of changes in the poultry business during the 25 years in which Mr. Dossin has been serving as a poultry specialist. In 1927, he said, there were no broilers produced in Pennsylvania; in 1952 production totaled 150,000,000 pounds. In 1927 there were 17,000,000 laying hens in the state; today there are 23,000,000. In 1927-1950, tons of feed were mixed; in 1952, 1,200,000 tons. In 1927 there were no large hatcheries but this year Pennsylvania hatcheries produced 65,000,000 chicks.

Three Wills Are Filed For Probate

SIX OF NATION'S TOP TEAMS TO CLASH HEADON

By ORLO ROBERTSON
NEW YORK (AP)—An intercollegiate football program that would do credit to the annual post season bowl competition on Jan. 1 will be presented tomorrow as six of the nation's top 10 teams meet head-on.

California, No. 4, clashes with Southern California, No. 7, in a game that may go a long way towards deciding the Pacific Coast Conference representative in the Rose Bowl.

Duke, No. 6, generally regarded as the king pin of the Southern Conference, tangles with Virginia, No. 9, best of the Southern independents. And UCLA, also very much in the running for the Rose Bowl, takes on 10th-ranking Wisconsin, the Big 10 title favorite, at Madison.

Nittany Lions Tough
Wisconsin is the only one of the sextet that has lost a game. The Badgers have a 3-1 record. All of the others, except Virginia, are each undefeated in five games. The Cavaliers have won all four of their outings.

The remainder of the top 10, with the possible exception of top-ranked Michigan State, take on what figures to be comparatively easy competition. The Spartans with a 4-0 slate play host to the Nittany Lions of Penn State, who have only a tie with Purdue to spoil an otherwise perfect five-game record.

Maryland, No. 2, plays host to a weak Louisiana State (2-3) eleven while Oklahoma, No. 3, tangles with Kansas state in a Big Seven Conference fray. Georgia Tech's Ramblin' Wrecks, No. 5, goes after its sixth straight, fourth in the Southeastern Conference, with Vanderbilt (1-2-2) as the opponent.

Other Big Games
And if the games among the top 10 are not enough to satisfy you, there are such encounters as Pennsylvania-Navy, Purdue-Illinois, Holy Cross-Syracuse, Kansas-Southern Methodist, Minnesota-Michigan, North Carolina-Notre Dame, Princeton-Cornell, Stanford-Washington and Ohio State-Iowa.

From an audience standpoint, the Purdue-Illinois contest is "the" game. It is the game approved by the NCAA for nationwide television. Purdue, unbeaten in the conference and with an overall record of 2-1-1, also has designs on the league title and a trip to the Rose Bowl.

Rookie Skater Wins Game For St. Louis

By The Associated Press
Rookie Clayton Lavell of the St. Louis Flyers had his first taste of American League hockey under his belt today and found it a rather delectable dish.

The 21-year-old youngster, making his AHL debut last night, drove home the winning tally as the Flyers edged Syracuse 2-1. The victory boosted St. Louis into a triple tie for second place with Cleveland and Hershey behind league-leading Providence.

Syracuse, who remained in sixth place in the seven club circuit, took a one goal lead early in the second period on Leo Curick's score. Otto McLean deadlocked the count at the nine minute mark of the same stanza and Lavell blazed home the deciding marker five minutes later.

GHS-Trojan Game Here Tonight May Establish Record

Gates to the Gettysburg High School athletic field will open this evening at 6:30 o'clock for the Warrior-Chambersburg Trojan football game, it was announced today by George Forney, local athletic director.

In anticipation of the largest crowd in local history, it was decided to move up the time for opening the gates to alleviate congestion.

All reserved seat tickets have been sold and, despite the addition of extra bleachers at the east end of the field, standing room will be at a premium.

Winner of tonight's contest will be established as the favorite for the South Penn title, now held by the Warriors.

The kickoff will be at 8 o'clock.

HORSE SHOW TO OPEN SATURDAY

HARRISBURG (AP)—With the opening of the Pennsylvania National Horse Show tomorrow this state capital city becomes the nation's equine center for two weeks.

The seven-day show brings together more than 600 of the top exhibition animals of America and four foreign nations competing for trophies and more than \$35,000 in cash prizes.

Highlighting the show, which runs through Nov. 1 with no Sunday performance, is the international competition between jumping teams from the United States, Canada, France, Ireland and Mexico.

A week following the close of the seventh annual Pennsylvania national is the standardbred horse sale, one of the nation's largest auctions of trotters and pacers. More than a million dollars in harness horses were purchased here during last year's sale.

The standardbred sale will be held in the huge state farm show arena, also the site of the Pennsylvania national, from Nov. 10 through Nov. 15.

Good Time Matches Own Raceway Record

YONKERS, N. Y. (AP)—Good Time, king of the nation's pacers, said farewell to competitive racing like a true champion as he matched his own Yonkers Raceway record last night with a 2-01 mile.

The mighty mite from Bill Cane's Good Time Stable will make one more appearance but the stop will be his only rival. Next Thursday he'll attempt to break the world pacing record of 1:59 3-5 for a half-mile track set by Sampson Hanover at Delaware, Ohio, a year ago.

But from a competitive standpoint the six-year old son of Hal Dale closed out his career with a three-quarter length victory over Prince Adios last night. Frank Ervin brought the little sidewheeler from off the pace to win the purse of \$6,750 and boost his earnings for the year to \$110,299.10—a record of harness horses.

God Time will go into stud at the Castleton Farm in Kentucky with total winnings of \$318,792.86—by far the largest amount ever accumulated by a pacer or trotter.

Cardinals May Move To Houston

HOUSTON, Tex. (AP)—A report that a group of wealthy Houston people had made an offer to transfer the St. Louis Cardinals to Houston drew a "no comment now" from Fred Saigh, president of the National League club.

But Saigh said "I might have something to say about it later." Saigh has been in Houston studying the situation of the Cardinal farm club in the Texas League.

Recently Allen Russell resigned as president of the Houston Club to become owner of the Beaumont franchise.

The report, which had no official source, was that the deal involved moving the Cardinals to Houston but not sale of the National League franchise.

Ezzard Charles Will Try For KO

NEW YORK (AP)—Eager to win friends and influence his way into another title shot, Ezzard Charles aims to knock out husky Cesar Brion of Argentina in Madison Square Garden tonight.

The former heavyweight king from Cincinnati is a 3-1 favorite to win the 10 rounder but stopping the 6-2, 196-pound South American is something else again.

Cesar the strong man never has been knocked out. The big muscled, 25-year-old invader has a 39-7 record and has scored 18 kayos.

MOUNT ALUMNI

(Continued from Page 1)

will meet, after which the annual fall alumni banquet will be held. The annual Pridwin dance in the gymnasium Saturday night, November 8 will conclude that day's activities. Trophies in the intramural athletic events will also be presented in connection with the dance.

Sunday will be devoted to mass, and to meetings with fellow alumni returned for the Homecoming. Rev. Fr. Phillips said.

Bullets Host To Mules Saturday; Game At 2:30

Smarting under the sting of two successive setbacks, Gettysburg College will attempt to hit the comeback trail Saturday afternoon when the potent Muhlenberg College gridgers will be met on Memorial Field as the feature of the annual Homecoming activities.

Saturday's kickoff time will be 2:30 o'clock due to the inauguration of Dr. W. S. Langsam as president of the college.

Coaches Johnny Yovicin and Jack Shainline have been working hard this week in an effort to produce more scoring punch. The Mules have been held to a single touchdown in their last two games and will have to improve on the offense if they are to get back into the win column.

JR. HIGH KEEPS CLEAN RECORD WITH 32-0 WIN

Beck, Forbes Side-Lined
Two Bullets who were injured in the Lehigh game last Saturday will not be in uniform Saturday. They are Carl Beck, 175-pound guard, who sustained a knee injury, and Bill Forbes, 195-pound tackle, who received an ankle injury.

Tony Natale, who had been expected to be used against the Engineers, may break into the line-up. He has been side-lined due to a shoulder separation sustained in the opening game of the season with Delaware.

All of the other squad members are in good physical condition and will be ready for full time duty against the Mules.

Coach Yovicin indicated today that there will be no change in his offensive and defensive units with the exceptions of replacements for Beck and Forbes.

After watching the Muhlenberg-Albright game last Saturday night, won by Albright 13-7, the local coaching staff and scouts are convinced the coming game will be one of the hardest fought of the campaign.

The Mules actually outplayed the Lions most of the way. With less than two minutes of play remaining Muhlenberg blocked an Albright kick and took over on the 4-yard line but could not pound over the tying touchdown.

The Mules got off to an impressive start this year with a 19-19 deadlock with Rutgers. Unbeaten and powerful Bucknell drubbed Coach Triplett's charges 46-12 but the Mules came back strong to rout Lafayette 37-0 before bowing to Albright giving them a 1-3 log for the season.

A heavy backfield has been listed by Coach Triplett to oppose the Bullets. It will include Jimmy Skidmore, 180, quarterback; Larry Dottor, 181, and Dave Ehlers, 180, halfbacks, and Ernie Scarpa, 190, fullback.

Forward Wall Heavy
There will be plenty of poundage on the invaders' line, too. Heaviest are Russ Allen, 228, and Pete Ascone, 225, both veteran tackles. Captain Dean Bohs, an

other veteran tackle, tips the teams at 190.

Six other linemen earned their letters a year ago. They include Paul Miller, 190, George Mills 155, Harold Sheely 190, and Dick Tremnick 192, all ends; Jack Jordan, 214, guard, and Frank Duffy, 195, center.

In addition to Skidmore, Dottor and Scarpa, letter-winning backs, are Jim Colagregio, 175; Collins Haines, 162, and Joe Trechak, 190.

Gettysburg holds a 16-15 edge over the Mules in their long series.

AMERICAN CAGE LEAGUE CALLS OFF '52 SEASON

NEW YORK (AP)—For the second time in 27 years the American Professional Basketball League will not operate this season.

The league, organized in 1925, voted last night to suspend operations after two cities withdrew when they failed to receive approval to play former college stars involved in the point-fixing scandals.

Jersey City, N. J., which had applied for a franchise, withdrew its application after a lengthy discussion last night indicated the circuit would not approve the playing of Alex Groza, Ralph Beard and Sherman White.

Elmira, N. Y., member of the league last year, also withdrew before a vote was taken on its application to play Bill Spivey, former Kentucky ace under indictment in connection with the scandals.

6 Teams In Loop
Groza and Beard, also former stars of the University of Kentucky and Indianapolis of the National Basketball Association, were given suspended sentences after pleading guilty to a conspiracy charge. White, Long Island University ace, likewise pleaded guilty and was sentenced to a year in jail.

The withdrawal of Jersey City and Elmira left only six league members—Wilkes-Barre, Scranton and Hazleton in Pennsylvania, and Saratoga Springs, N. Y., Manchester and Bridgeport in Connecticut. They decided it would not be financially wise for them to operate with such a geographic set-up.

William Morgan of Hazleton, president of the Eastern League of Pennsylvania, said a meeting would be held Sunday in Wilkes-Barre with the idea of finding a place for the three Pennsylvania teams.

"I don't know whether we'll absorb Wilkes-Barre, Scranton and Hazleton into the Eastern League or form another circuit," Morgan said.

John J. O'Brien, president of the league since 1928, announced his resignation before last night's meeting but agreed to preside.

The only other year the circuit failed to operate was in 1932 when it was forced to close down because of the depression.

SEVEN PENNSY FOOTBALLERS ON SPARTAN TEAM

EAST LANSING, Mich. (AP)—They should be billed, said one jealous Penn State fan, as "Coach Biggie Munn and his Pennsylvanians."

"More Pennsylvanians than Fred Waring," he muttered. This is a gross exaggeration, of course.

A check of the probable playing roster for the Penn State-Michigan State football game here Saturday will show that Michigan State has not more than a dozen recruits from Pennsylvania.

Take away first string quarterback Tom Yewic (Conemaugh), second quarterback Willie Thowser (New Kensington), tackle Joe Edminston (Hathboro), tackle Joe Klein (New Kensington again), guard Frank Kush (Windber), and linebacker Dick Tamburo and guard Harry Tamburo (New Kensington) and you wouldn't have a single Pennsylvania man on the Michigan State roster.

One Other Injured
And of course you can't count halfback Vince Pisano (New Kensington) who won't play against the home folks because of an ankle injury.

Michigan State end coach Earle Edwards (Greensburg, Pa., and Penn State '31), line coach Duffy Daugherty (Barnesboro, Pa.), sports publicist Fred Stabley (Dalton, Pa., and Penn State '37) or even gymnasts coach George Syppula (Philadelphia, Pa., and Temple '43) would be happy to point out for you any number of Michigan boys on the Michigan State roster.

But somehow, this game does resemble a homecoming in more ways than one.

The good connections in Pennsylvania of Daugherty and Edwards have helped to account for the number of Pennsylvanians studying and learning football at Michigan State.

Promoted Coeds
They also like the campus pretty coeds at Michigan State.

Even publicist Stabley convinced one football prospect from the coal mine country of the advantages of higher education at Michigan State.

The boy tripped over his feet and fell on his face the first day of practice and went out for knitting or something instead.

The Michigan State-Penn State game has always been a hot rivalry. Last year Penn State was ahead briefly 14-13 but the Spartans pulled ahead to win 32-21.

In 1949 Michigan State won by a 24-0 score and the teams played to a 14-all tie in 1948—the game that saw a length-of-the-field touchdown run by George Guerre called back by an official.

The last—and only time—Penn State won was by a 13-6 score in 1925.

The other Pennsylvanians—oops, the Penn State squad—will arrive here by train this afternoon in time for a limbering-up session in Macklin (named after the late coach John F. Macklin, University of Pennsylvania '08) Stadium.

Michigan State is a three touchdown favorite to make this its 20th consecutive win. Unbeaten Penn State has a potent passing attack, however, and should make the game interesting.

A sellout attendance of 50,095 is expected. There's no television but three national networks and four regional hookups will broadcast the game on radio.

COLGATE WILL BATTLE BISON ON SATURDAY

By DICK HOENIG
LEWISBURG, Pa. (AP)—Colgate's Red Raiders, the last to beat Bucknell some 17 games ago, and the eleven that has given the Bisons the closest call since, try again tomorrow.

"The game probably will be very close with the breaks deciding," was the way Bucknell coach Harry Lawrence called it earlier this week—and he hasn't changed his mind.

STARTERS

The way people get started in a
race, or a contest, or indeed in life
itself, is extremely important. The
athlete doesn't enter an important
contest without long preparation for
it. In a horse race the spectators
keep their eyes on the starters.Nothing is so interesting in the
study of a great life as the early
years when that one was preparing,
studying, working, and so shaping
his life as to make it a useful and
notable one. All those starts are
significant. The things that were
done, the associations and contacts,
the interests that that one had, and
the ideals that were then formed.I once read that many of those
who were asked to give their brief
biography for the American "Who's
Who" book took pride in jotting
down their humble origin, or some-
thing about their start in life. The
molding of the human mind is the
most important enterprise that any-
one can engage in. No sculptor ever
cast into bronze anything so great.I look back to the early teachings
of my wonderful father and mother,
and to my teachers in school and
college, as those who started me in
right thinking, and to my books I
own more than I can express, for
these gave me starts that have in-
fluenced my entire life, and given
to it what joy, success and happi-
ness I have had.Many years ago I attended a lec-
ture by a most interesting and in-
spiring scientific man, but I have
forgotten all but one sentence he
uttered. It was this: "It is serious
business to start a soul voyaging to-
ward eternity!" It was the start
that Edison, Ford, the Wrights, and
endless others made that have
brought about to our modern days
all the comforts and advance in
civilization that we have today.It was the reading of Black-
stone's Commentaries, found in a
cast-off barrel of things that Lin-
coln discovered, that inspired him
to take up the law and later politics.
Those books were his starters.Tomorrow Mr. Adams will talk on
the subject: "For the Love of
Beauty."Protected, 1952, George Matthew

Just Folks

HIS ONE MISTAKE

He never made a mistake, save
one,
Which was to shirk,
Responsibility taken on
He knew meant work.He never failed, since he never
tried
An adventure new.
He'd sit and let some one else
decide
What next to do.He followed the well-worn paths
of time
Everybody knows.
Since never an effort he made to
climb,
He never rose.Since doubtful decisions he
wouldn't make,
He drifted on.
The fellow who never had made
a mistake
Save just that one.

WORKERS HAVE
CHANCE TO BUY
INTO BUSINESSPITTSBURGH (AP)—American
workers alone in the world have a
daily opportunity to buy a stake
in business, Benjamin F. Fairless,
chairman of the board and presi-
dent of United States Steel Corp.,
said Wednesday.In a speech before the 35th an-
nual meeting of the Pennsylvania
Chamber of Commerce, Fairless
declared the only real and direct
public ownership of the biggest
and most important businesses is
in America—and not in foreign
countries under Socialist regimes.America's brand of public own-
ership, Fairless declared, is "sold
daily, in little pieces, on the stock
market. He declared:Invest In Industry
"It is constantly changing hands
and if the workers of this country
truly wish to own the tools of
production they can do so very
simply."They do not have to seize the
government by force of arms. They
do not even have to win an elec-
tion. All in the world they have to
do is buy, in the open market, the
capital stock of the corporation
they want to own—just as millions
of other Americans have been do-
ing for many decades."Fairless, who titled his address,
"The Great Mistake of Karl
Marx," declared that Marx's fatal
mistake "was his belief that
public ownership and government
ownership were one and the same
thing." He added:"The workers in Russia had
their revolution but they do not
own the tools of production. The
state owns the tools, the commis-
sars own the workers and the
workers own nothing at all."Predicts Voting Record
W. W. Sieg of Bellefonte, presi-
dent of the chamber, predicted
Pennsylvanians will set a new
voting record at the Nov. 4 elec-
tion. Sieg said participation of
businessmen in "get out the vote"
activities is just one sign of their
"reawakened" interest in public
affairs.Turning to the 1953 session of
the State Legislature, Sieg said
the last session "left a legacy of
unsolved problems." He added:
"Instead of adopting a broad
base tax, as 42 other states have
done, the 1951 session compromised
on a stopgap revenue program that
only aggravated the undue tax
burden placed on business."CLARK HAS TO
RESCIND ORDERTOKYO (AP)—Gen. Mark Clark
under Pentagon pressure has
reversed an order requiring battle
front troops to stay in the line
for 9½ months before they are
eligible for rotation home. The
time remains at nine months, or
36 points, under the Army's
system.But Clark said rear area troops
in Korea and those in Japan would
have to serve longer than pre-
viously because of a lag in re-
placements. No specific point
quota was announced. Clark ear-
lier had set it at 38.Clark's statement was issued

INCOME TAX ANGLE TO COAL FUSS ON WAGES

WASHINGTON (AP)—The nation's soft coal industry might have to pay federal income taxes on an extra six million dollars a day if it bows to John L. Lewis' demand and raises wages beyond the cut-off imposed by the Wage Stabilization Board.

WSB regulations on over-ceiling wage payments are enforced by the National Enforcement Commission, headed by Helen Humphrey. Penalty rules covering overpayments are written into the Defense Production Act, the wage-price control law.

Maximum Never Imposed
A spokesman for the WSB said the National Enforcement Commission has never imposed the maximum penalty possible.

This maximum penalty removes from income tax deductions not only the amount of the wage overpayment but also the total wage paid during the period of violation. Thus, an employer could not report as a cost item any part of his wage payments during the time he was violating wage ceilings.

Normally, this spokesman said, the tax penalty provision applies only to the actual overpayment—or even less.

The soft coal industry has refused to pay the United Mine Workers Union members more than the \$1.50 daily wage increase allowed by the WSB. That raise brings the basic daily minimum wage to \$17.85, 40 cents less than the amount Lewis and industry negotiated in their contract agreement last month.

If the industry had agreed to pay the \$18.25, its daily wage outlay to Lewis' 350,000 miners would approximate six million dollars, all of which could legally be disallowed as a cost item for tax purposes.

Penalty provisions in the law also include withholding materials and supplies allocated to the employer during the period of violation; exposing the employer to penalties on any government contracts he might have; and some others.

MAN CHARGED WOMAN'S DEATH

AKRON, O. (AP)—A taxicab dispatcher has been charged with first degree murder in the fatal stabbing of a former Pennsylvania woman.

Det. Capt. John F. Struzenski said Wednesday the charge was placed against William P. Lardo, 40, in the death of Mrs. Louise Burns, 35-year-old waitress and mother of two children, who formerly lived in Bloomsburg, Pa.

Mrs. Burns died of six stab wounds received in a scuffle on the steps of a downtown club Tuesday night.

Lardo surrendered to police shortly after the woman was found, saying he got into an argument with her over her "running around with another man."

Lardo was held without bail at the Summit County jail with a preliminary hearing set for Saturday before Municipal Judge William Victor.

Struzenski said Mrs. Burns' two children have been living with her mother at Bloomsburg. Mrs. Burns was separated from her second husband, the detective said.

GILBERT PLAINS, Canada (AP)—The flint head of an ancient weapon has started federal archaeologists on a hunt for traces of primitive man near this town. Recently a "Plainview" projectile point was found in a local collection. The find prompted Dr. R. S. MacNish of Ottawa to launch a survey of the district and test excavations of the site where the point was found. Plainview points—leaf-shaped arrow or spear heads with "notches" flaking on the flint—first were found in Texas. They have been associated with the bones of extinct, ice-age animals.

WOULD STRIP COSTELLO OF CITIZENSHIP

NEW YORK (AP)—The federal government seeks to strip gambler Frank Costello of his U. S. citizenship as a prelude to deporting him to his native Italy.

The Justice Department action against the 61-year-old racketeer, described in a congressional hearing as a top man in the nation's syndicated underworld, was filed in Federal Court here Wednesday.

Costello, already serving a federal prison term, automatically would be liable to deportation proceedings once he lost his American citizenship.

He is in Atlanta federal prison now for an 18-months term on Senate contempt charges as the outgrowth of his refusal to answer questions during the Kefauver Crime Committee hearings here last year.

The government action against Costello, who was naturalized in 1925, was based chiefly on his admitted rum-running activities in the 1920's.

The Justice Department complaint cited a 1906 Nationality Act which requires that an applicant for citizenship have a clean record for at least five years before he is granted citizenship.

Costello has admitted a past of bootlegging and gambling but he told the Kefauver crime committee that all this illegal activity came after he was naturalized—not before.

It was pointed out that the Halloween party is open not only to children of members of the Moose, but all children of the community.

To Award Prizes

The youngsters are asked to come in costume and prizes will be awarded for costumes and contests. A program of entertainment for the children is being arranged. Candy favors will be distributed to all children attending. Last year approximately 750 youngsters were present for the event.

Tuesday evening the annual Halloween Dance for teen age young people, between the ages of 13 and 19 inclusive, will be held by the Moose at the lodge home. The dance will be held from 8:30 until 10:30 o'clock. Because the 'teen

age dance is open to youngsters throughout this section, admission will be by ticket only, with the teen agers able to obtain the tickets from the principals of their high schools. Because only about 200 couples can be handled, the tickets will be issued on a "first come-first served" basis by the principals, or in some cases the principals may use other qualifications in distributing the tickets if they so desire. Governor Neary said. Prizes will be given for spot dances and costumes and refreshments will be served. Neary added however that dress will be optional for the dance.

Schools Observing William Penn Day

Schools throughout Adams County today observed William Penn Day, in honor of the founder of the commonwealth, born on October 24, 1644, 308 years ago.

In Harrisburg, Governor John S. Fine issued a proclamation calling for the observance of Penn's birthday, and said: "He established Pennsylvania upon the principles of civil and religious liberty which since have become the priceless heritage of every American."

Governor Fine also pointed out, in letters to school officials, that

Monday will be the 94th anniversary of the birth of Theodore Roosevelt, 25th president of the United States.

BIRTH ANNOUNCED
Dr. and Mrs. Arthur C. Richards, 208 Bannockbur Ave., Ambler, Pa., have announced the arrival of a daughter, Christine Dale, weighing seven pounds and six ounces, on Sunday, October 12, Dr. and Mrs. Richards are former residents of this community, where Dr. Richards practiced medicine for a number of years.

Girl Scouts Will Conduct Campaign

As is customary during the annual observance of National Girl Scout Week, the Girl Scout financial drive will be held in Littlestown on Monday evening, beginning at 6 o'clock. The members of the Scout Troop Committee and the Woman's Community Club of Littlestown and vicinity, accompanied by the Girl Scouts, will solicit the local citizens. The whole-hearted support of everyone is needed to make this drive successful, scout leaders said.

During the past eight years, the scouts have progressed in organizing eight troops in addition to the lone troop existing in 1944. Through the contributions received from the preceding drives, the girls and leaders have an opportunity for expanding. The budget gives the advantage of use of the county office. Through the secretary's services the troops are able to keep in touch with the national organization. The Monthly

Bulletin keeps the local groups informed of the present activities and is a great help. The training of leaders is a very necessary part of the budget. One of the local leaders received ten days of training at sessions in the volunteer training of leaders at Camp Edith Macy, Pleasantville, N. Y., last summer. It is through this training that the other Girl Scout leaders received the much needed instruction to carry on their responsible jobs.

The budget calls for day camp directors' salary and troop camping. A number of the local Intermediate and Senior Scouts have had the opportunity of troop camping. There are many more girls who desire it. Leader training and equipment make this an accomplishment. Other items on the budget include equipment repairs and replacements, campships to established camps and the annual trip for the girls to a place of educational interest.

DEANERY WOMEN HEAR FR. LYONS AT DINNER MEET

The Rev. William R. Lyons, principal of Delone Catholic High School, McSherrystown, and youth advisor of the Conewago Deanery Council of Catholic Women, was guest speaker at the quarterly dinner meeting of the Deanery Thursday evening in the banquet hall of Schotties Hotel, Littlestown, with members present from the parishes in Bonneauville, Buchanan Valley, Chambersburg, Gettysburg, Littlestown, McSherrystown, New Oxford, Shippensburg and Waynesboro. Father Lyons thanked the Deanery Council for its "splendid work" at the high school during the last year and challenged the women to adopt the theme of the 1952 diocesan convention, as their own for the coming year: "Personal Sanctification in Daily Living". In order that their children may be more concerned about the spiritual things of life, "What the Youth need most," he said, "is example at home."

Sea food and ham dinners were enjoyed by those present. The Rt. Rev. Msgr. Patrick F. McGee, pastor of the Annunciation of the Blessed Virgin Mary Church, McSherrystown, and dean of the Conewago Deanery, said the grace. The pastor of the hostess council, Rev. Fr. Edward J. Shanahan, St. Aloysius, Littlestown, extended a welcome. Mrs. George A. Miller, deanery president, was in charge. Mrs. Evelyn Chrismer, Bonneauville, presented the yearly report which revealed that shrines dominate all parish meetings that gifts are given to schools and teachers within the Deanery, that much work is being done for the Catholic Youth Center in Harrisburg that new and used clothing, literature, medicine and other items have been sent for war relief; that the orphans at Sylvan Heights and Paradise Protectors have been remembered with gifts; that a youth party is held each month under the sponsorship of the deanery, and numerous other activities are sponsored by the Council for the betterment of the individual parishes.

Miss Belz announced that the annual Day of Recollection will be held on Sunday, November 30, in St. Joseph's Academy, McSherrystown, and reservations are to be made with her. It was decided that the Deanery would provide refreshments and entertainment at the Catholic Youth Center in Harrisburg during March and April. Msgr. McGee spoke briefly, congratulating the Council on their "thoroughly Catholic plans" for the future and suggested that they continue their system of always consulting their pastor first before adopting anything new. "Above all," Msgr. McGee told the women: "Don't be discouraged in the face of difficulties." The Rev. Edward Gerrity, pastor of Our Lady of the Visitation parish in Shippensburg, also spoke briefly asking for prayers that the Council in its newly formed parish may be a successful one.

YES, this is a RIVIERA. Sleek and swift-lined, like a convertible. Solid-topped like a sedan. Six-passenger roomy—and just about the smartest number that's made its bow in years.

And how folks love it. The day it was first displayed, orders started rolling in.

The rest of the industry took a look—and decided to make a carbon copy.

STEVENSON RIPS INTO IKE FOR UGLY CAMPAIGN

By DON WHITEHEAD

ENROUTE WITH STEVENSON
Gov. Adlai Stevenson's impassioned accusation that Dwight D. Eisenhower is deliberately condoning a "sly and ugly campaign" against him opened a bitter new phase today in the stretch drive for the presidency.

It looked like a savage and bare-knuckle fight was the inevitable ending for this hard-fought battle. The Democratic candidate ripped into Eisenhower last night in Cleveland with a speech in which he defended the character testimony he gave for Alger Hiss, convicted of perjury after denying he gave State Department secrets to a Russian spy ring.

Speech Called Crucial
And Stevenson attacked his GOP opponent and John Foster Dulles—Republican foreign affairs adviser—as being even more vulnerable to criticism than he in the Hiss case.

It was known that Stevenson and his advisers regarded the speech as one of the most vital of the entire campaign—and one which possibly could make or break Stevenson on the issue to communism. In his combination of defense and attack, Stevenson voiced his conviction he expects to be the target for a smear campaign in the next few days—and that he considers Eisenhower responsible.

Works In N. Y. State
With this speech behind him—the most emotional in all his campaigning—Stevenson set out early this morning by train for a sweep through politically potent New York State with its big chunk of 45 electoral votes.

In part, Stevenson's speech last night was in anticipation of a national - televised speech which

Sen. Joseph McCarthy is ready to make Monday night. That speech reportedly deals with Stevenson's relationship with Hiss while the two were government employees. The Democratic candidate said McCarthy will appear in the planned climax of the Republican campaign—as the very voice of the wing of the Republican party that lost the nomination but won the nominee.

Defends Action On Hiss
"You will hear from the senator from Wisconsin," he said, "with the permission and approval of Gen. Eisenhower."

Defending the testimony he gave in the Hiss defense in the form of a deposition, Stevenson asserted: "I testified as to his reputation as of the time I knew him. It was good. If I had said it was bad, I would have been a liar. If I had refused to testify, I would have been a coward."

SUSAN PETERS DIES OF INJURY

VISALIA, Calif. (AP)—Actress Susan Peters, whose fight against paralysis brought a living story of courage to Hollywood, lost her battle last night.

The attractive 31-year-old star, whose spinal cord was damaged in a hunting accident seven years ago, died while visiting her brother here. After months of hospitalization, Susan went home—paralyzed from the waist down. The doctors told her she'd spend the rest of her life in a wheelchair.

Two years later she came back to star in a movie once again—this time as the crippled girl in "Sign of the Cross." She acted from her wheelchair, just as she did in the "Miss Susan" series for television she completed in Philadelphia prior to coming here. Her death was attributed to complications arising from the 1945 accident.

DENIES MISUSE OF MAIL FRANK

PORTLAND, Ore. (AP)—Sen. Joseph R. McCarthy (R-Wis.) said here Wednesday that he welcomes investigation of a complaint that he abused his franking privilege. He denied that he had ever misused the franking privilege, which allows congressmen to send official business letters through the mail without stamps.

A Postoffice Department spokesman said in Washington that the complaint against McCarthy came from "someone who apparently received through the mails something which they believed should not have been franked."

McCarthy, who is stumping the West in behalf of the Republican ticket, said the investigation should cover others too.

DOING GOD'S WILL

Matthew 7

Memory Verse: Not every one who says to me "Lord, Lord," shall enter into the kingdom of heaven, but he who does the will of my Father Who is in heaven.

Matthew 7:21
Jesus ended His Sermon on the Mount with a call to action. He had presented the principles of the Christian life by statement and helpful illustration. He had spoken of the Kingdom of Heaven and how to become a citizen of it. He pointed out the purposes God has

for His children. Now, near the close of His teachings He directs His hearers to apply in life what they had been taught. This, He says, is done by observing the Golden Rule, a yard stick for all conditions and circumstances. It is a guiding principle for action towards others. In one of his writings Luther refers to this saying by Jesus: "With these words He now closes His instructions given in these three chapters, and ties it all up in a little bundle." The Golden Rule is found in other systems of thought and religion. For instance, Confucianism has it but with a marked difference. It is negative: "Do not to others what you would not wish done to yourself." Jesus gave it a positive meaning and expresses the thoughts of prophets before Him. The observance of the rule universally, or even only on a wide scale, would change the life of the whole world. It embodies the real hope of mankind threatened with catastrophe. The Master knew this and so gave special emphasis to it in His great Sermon. It is not difficult to imagine what would happen in all our various relationships if men would do to others as they would like others to do to them. Want and physical suffering would be reduced to a minimum. Ex-President Hoover at the end of the First World War suggested that a

survey of the pressing needs of all peoples be made, and an inventory taken of the materials on hand to meet those needs. Such a procedure would have brought relief to many in want, and developed a sense of worldwide brotherhood.

Warned Of False Prophets
Jesus warned against the influence of "false prophets." In His day, as in ours, there were men whose teachings were not sound. He was constantly opposed in His work by the Scribes and Pharisees. And there were others. Jesus had a way of testing the work of such men: "You will know them by their fruits." His Gospel won its way against much opposition. The apostles met it. They had the advantage of their Master's satisfying teachings and so won the day for the Christian way of life.

Men longed to live in harmony with their God. Christ showed them how that was possible. The pagan world of His day saw ordinary men changed after having been with Jesus. And their lives bore spiritual fruit in abundance. Jesus had a word for the shallow minded and the insincere. Not everyone who says "Lord, Lord" will reach the kingdom of heaven our Lord declares. The final test is whether God's will has been done; His purposes understood and an earnest effort made to honor them in daily living. That condition still holds for all who would please God.

Jesus concluded His Sermon on the Mount with an impressive parable: It is the story of two men building their houses. The one man hears the words of Jesus and

(Continued on Page 10)

It seems a long way from the trundle bed and the pastel colors of a nursery to the horrors of a battleground . . . but not as far as it may appear. Even if war should not come to our shores, it will be only ten or twelve years before these youngsters themselves may be face to face with conflict and battle.

This little boy and girl, however, are being taught the power of prayer. They are discovering at the impressionable age that nothing takes the place of prayer and that no surer protection for the future can be found by any other means.

In days when problems of defense are foremost in the minds of everyone, it is wise to ponder on the limitations of bomb shelters, radar, and weapons. They can protect only the body — ~~where~~ there is still the spirit to keep safe.

Prayer is essential to the well-being of every human person, and now is the time to begin. Go to church and learn with millions of others how prayer can give new meaning and strength to your life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SAYS TRUMAN CLAIMS "DIVINE RIGHTS" IN U. S.

Robert A. Taft said last night President Truman is attempting to create a "sort of divine right of kings" in American politics with Adlai Stevenson, Democratic nominee for president, as his "true disciple."

The Ohio senator, addressing a GOP rally on behalf of the candidacy of Dwight D. Eisenhower, to whom he lost the Republican presidential nomination last summer, said the President is trying to surround himself with an aura of infallibility.

"Every once in a while," Taft said, "the President says 'I see an emergency,' even when there is no emergency."

Stevenson A Disciple

Truman, Taft added, "started a war in Korea without authorization of Congress. He claims the right to send U. S. troops wherever in the world he chooses," and added:

"Stevenson is a true disciple of the Truman philosophy."

Taft said Stevenson's only apparent "measure against the Communists is price control." He said he arrived at this conclusion from an analysis of Stevenson's argument that Soviet Russia largely determines the American budget because such a large percentage of it goes towards defense appropriations.

None Better Off

"But price control doesn't prevent inflation," Taft said.

The President, Taft said, tries to convince the American people the Republican party "is the party of great corporations and special interests and complete contempt for the welfare of the little man."

"But a careful reading of Mr. Truman's speeches," the Ohioan said, "shows his belief in all-powerful government. . . . Nothing is so dangerous or costly to the little fellow as government spending, taxation and control."

On the subject of inflation, Taft said that "no one is better off today in America; many are worse off today."

Sunday School Lesson

(Continued from Page 9)

"does them." He is like a man who builds his house upon a rock. He is wise. The other man hears the words of Jesus "and does not do them." He is as foolish as a man who builds upon sand. The rock upon which wise men build is Jesus Christ: His interpretation of the Ten Commandments; His fulfillment of the prophecies; His exaltation of love and faith; His atonement for the sin of mankind; His resurrection in which rests man's hope for a blessed eternal life. On such fundamentals a secure "house" can be built, full of joy, and of service to one's neighbor. In all relations to others the Golden Rule will prevail. This, Jesus says, is doing "the will of my Father Who is in Heaven."

WILD GOAT GETS CURIOUS

COLUMBIA FALLS, Mont. (P)—A wild, Rocky Mountain billy-goat apparently decided to butt into the progress of civilization near here recently when he came down from his elevated den for a two-day visit. The billy watched construction workers building a 125-foot tower on a new 230,000-volt power line to Hungry Horse Dam. For reasons known only to himself, the goat grew so curious that he inched his way up to within 15 feet of the workers at one point before turning tail and heading for his home grounds.

TOO MUCH HURRY

ST. LOUIS (P)—"People nowadays don't slow down enough to really enjoy themselves." That's the opinion of August F. (Gus) Kuhn who ought to know. He has retired after 29 years as head waiter at the Statler Hotel here. "The old times were the good times," Kuhn says. "Now everything's hurry, hurry. People didn't used to do that. They didn't have as much money to spend, so they took more time about spending it."

IN MOTHER'S FOOTSTEPS

ROCHESTER, N. Y. (P)—Dr. Frances Zoeckler is following in the footsteps of her mother, who was a medical missionary in Iran for 40 years. The 33-year-old doctor, who was born in Iran, is now interning in obstetrics in a hospital here. Upon completion of her work she hopes to return to practice in Iran. The doctor, who won her medical degree from Johns Hopkins University, had been in charge of work for women and children at an Iranian hospital.

YANK HEIRESS WEDS BRITON

LONDON (P)—The 19-year-old American heiress Virginia Fortune Ryan married Lord Ogilvy, a former friend of Princess Margaret Thursday in Britain's plushiest wedding of the year.

It was the kind of a wedding beloved by London crowds—a noble bridegroom, a rich and lovely bride and October sunshine.

Princess Margaret, pretty as ever, and the Queen Mother led the list of 1,000 guests who packed fashionable old St. Margaret's Church in a glittering array of some of the bluest blood in Britain.

U. S. Ambassador Present

U. S. Ambassador and Mrs. Walter Gifford and a score of other wealthy Americans lent an Anglo-American touch to the affair.

Outside the church in Parliament Square, 10,000 Londoners packed dozens deep against police crush barriers to cheer and wave. It was society's fanciest show since Queen Elizabeth married the Duke of Edinburgh in nearby Westminster Abbey nearly five years ago.

The queen and the duke were invited but couldn't come. They were busy dedicating a dam in Wales.

BREEDING PAYS OFF

RALEIGH, N. C. (P)—Through artificial insemination, a recently sold bull left behind him a record of having bred more than 6,000 cows over a period of 2½ years. T. C. Blalock, extension dairy specialist at North Carolina State College, says that on the basis of a 70 per cent conception rate, 4,200 calves were fathered. The bull's first 14 daughters averaged 2,680 pounds of milk more than their dams during the first lactation.

Must Stay In Korea As Long As Chinamen

SEOUL (P)—Gen. James A. Van Fleet has declared he thought United Nations troops would have to remain in Korea "as long as there are Chinamen here."

The Eighth Army commander, asked for comment on a news report quoting him as saying South Korean troops would never be strong enough to hold the present battle line, said, "I didn't say that."

Van Fleet asserted he said only that the present Republic of Korea Army was not strong enough to hold the battle line.

HOME BURNS, FIVE MISSING

TYRONE, Pa. (P)—Fire destroyed a home Thursday night. Five of his children are missing.

Edwing T. Smith said only he, his wife, and their 8-month-old baby escaped.

Firemen said it would be several hours before they could probe the ruins. Cause of the fire was unknown.

Neighbors reported Smith jumped from a second-floor window after his wife jumped with their youngest child in her arms.

Mrs. Smith and the baby were reported in critical condition. Smith's condition was fair.

The missing children are Tommy, 14; Kenneth, 13; Rose Mary 11; Daniel, 6, and David 2.

GILBERTON, Pa. (P)—Paul Heine, 33, of Gilberton, on the job only one day, was crushed to death Wednesday in a mine stripping operation at the Gilberton Colliery.

Heine was pinned beneath a tower used for a drill. The tower fell while a group of workers was lifting it into place.

GIVE \$3,000 TO REPLACE FISH

HARRISBURG (P)—The State Justice Department said today a Franklin County tannery has made a "voluntary contribution" of \$3,000 to offset the cost of replacing fish killed by pollution.

J. Robert Trace, deputy attorney general, said the payment was made to the State Fish Commission by the Mercersburg Tannery Division of the Loewengart Co., Brooklyn, N. Y.

The Loewengart firm was called in by the State Sanitary Water Board after the Greencastle Sportsmen's Association complained that tannery wastes killed between 2,500 and 3,000 fish nearly three weeks ago.

The incident occurred in Steigers Run, a tributary of the West Branch of Conococheague Creek, near Mercersburg.

Trace said the commonwealth received a pledge from the company to restrict its production to 12,500 green salted hides daily to prevent a recurrence.

WASHINGTON (P)—Radio-television executive David Sarnoff has been named head of a commission to investigate the armed forces' use of manpower. Secretary of Defense Robert Lovett, in announcing the appointment, said the commission, after a long-term study, will recommend legislative and administrative changes to bring about "further saving in manpower throughout the armed forces."

LONDON (P)—Prime Minister Churchill has disclosed that Britain exploded her first atomic bomb in the hull of a navy ship that blew up in a million degree cloud of vapor and fragments. He said it was a test of an atomic bomb on harbor installations.

BULLETINS

PARIS (P)—A French military plane crashed Thursday after taking off from Le Bourget Airfield, killing eight persons. The four-engine plane lost altitude after taking the air, clipped the top of a tree, and plummeted into a pasture and caught fire.

MANILA (P)—The Philippine Red Cross said tonight 370 persons were dead and 200 were missing in the wake of Wednesday's typhoon. The Red Cross said several hundred were injured.

BONN, Germany (P)—British authorities have granted former German Field Marshal Albert Kesselring his freedom from a life sentence for war crimes. The British said it was an act of clemency because Kesselring, 67, is suffering from cancer.

HANOI, Indo-China (P)—French Union forces continued a general withdrawal south to the Black River Thursday in the face of steadily increasing pressure from Communist Vietnamese troops driving to cut French communications in North-west Indo-China.

The piranha, a fish common in the Amazon basin, is small but so numerous, and ferocious that a wounded man or animal in the water may be stripped of flesh in a few minutes.

IKE CHARGES "PENDERGAST" BOSSISM TO HST

By JAMES DEVLIN

ABOARD EISENHOWER SPECIAL (P)—Gen. Dwight D. Eisenhower moved his campaign into Michigan today after a slashing attack last night in Buffalo, N. Y., charging the Truman administration with Tom Pendergast-type bossism.

Before his 18-car special train left Upstate New York for the Midwest, the Republican presidential nominee accused the administration of bigotry of the kind once raised against Democrat Alfred E. Smith.

Eisenhower was greeted in Buffalo Memorial Auditorium by howling cheers from an audience estimated by Edward P. Hartnett Jr., auditorium director, at 15,000 persons, including 2,000 standees.

"Taken Over By Administration"

Gov. Adlai Stevenson, the Democratic candidate for president, drew about 13,000 when he spoke in the same auditorium the night before.

"The candidate of the administration party," Eisenhower said, "has been taken over by body, boots and bribes by the administration."

"And now he goes down the line for the administration record. He stands revealed today as a captive candidate. By edict he is forced to accept that record. And that he has done by personal choice from the outset."

"All Time Low For Morality"

Eisenhower told his Buffalo audience that "morality in our federal government has sunk to an all-time low," and that the present administration has a "shabby history."

He said Tom Pendergast, former Kansas City political boss who made Harry Truman a political protégé, was dead "but his political influence, his political morals, his political offspring—they all go marching on."

Eisenhower declared that when "courageous investigators" undertook to bare the facts they got replies of "no comment" in Kansas City, "witch hunt" in Brooklyn, and "ashline" in Washington.

Raps Opponents

The general rapped what he called "bearers of false witness." He said they were "creating distrust, disunity and bigotry by falsely accusing other—including myself—of these evil things."

This obviously was a reference to Republican charges that the Democratic opposition has implied that Eisenhower is anti-Catholic and anti-Semitic.

Claims Ancient India Had First Airplane

NEW DELHI (P)—A Hindu-minded newspaper which frequently declares ancient India outstripped modern Western achievements now says credit for the world's first airplane really belongs to this country.

Eight years before the Wright brothers, inventor S. B. Talpade's electrically-controlled aircraft flew over Bombay's Chaupatty Beach before a crowd of distinguished on-lookers in 1895, stated The Organizer.

The newspaper cites newly discovered evidence presented by the Bombay Journal Vividh Vrit describing the flight and the safe landing. Talpade's wife died shortly after the episode and he lost interest in the project. Then a British commercial firm bought his machinery, says the journal.

SAY SOFT COAL ASKING TRUMAN FOR WSB OKAY

WASHINGTON (P)—The soft coal industry today was reported framing an appeal to President Truman and Economic Stabilizer Roger Putnam to approve the \$1.90 daily wage hike won by John L. Lewis.

The nation-wide soft coal strike, now in its fifth day, followed a Wage Stabilization Board ruling last Saturday that only \$1.50 of the negotiated increase could be paid on grounds that any more would "damage" the stabilization program.

The report that an appeal is under study came from an official who has been in close touch with all phases of the case but who asked not to be identified.

Eager To Settle

A substantial portion of the struck industry was described as just as eager as Lewis to settle on the full wage increase and get production going again. An appeal to the President and Putnam, it was felt, would at least serve to remove the deadlocked situation from dead center.

An air of uneasiness prevailed in some mine areas. Violence flared in Ohio, Virginia, and West Virginia yesterday.

Efforts to find a way out of the wage boost dilemma also were being made by David L. Cole, new chief of the Federal mediation Service. Cole, Lewis and Harry M. Moses, president of the Bituminous Coal Operators Association, conferred privately late yesterday afternoon. Precisely what they discussed was not learned but it looked like the first attempt by a government official to find some solution to the deadlock.
